

**Parents as Teachers *Born to Learn*® Institute Prenatal to 3 Years
Key Information and Checklist for Registration**

Welcome to the Parents as Teachers Born to Learn family! The following information and checklist will help you complete the registration process without delay.

Parent Educators: Potential parent educators have the following qualifications: Demonstrated ability working with young children and their parents, along with either a 4 year degree in a related field, a 2 year degree in a related field, 60 credit hours in a related field or 2 years successful work experience in a related field. Please note that a degree is preferable.

Each parent educator must attend all 5 days of the Institute and pass all assessments given during the training in order to become a certified parent educator. Each parent educator will need his or her own set of the 2005 *Born to Learn* curriculum. The curriculum consists of 3 Modules and an English/Spanish DVD set. If you have a curriculum from a parent educator who has left your program, you do not need to purchase new curriculum, but you do need to bring it with you.

Supervisors: Individuals who have the job responsibility of supervising PAT parent educators are required to attend the first 2 days of Institute. Included in the 2 days is a special ½ day session for supervisors only. It is highly recommended that supervisors attend the full week of training when possible.

Each supervisor must have a *Supervisor's Manual and Program Administration Guide* for this training. In addition, *A Closer Look... the PAT Standards and Self-Assessment Guide* **should be purchased**. Only supervisors who serve families need to purchase curriculum; however, it is available for purchase by all supervisors. **It is necessary for supervisors to bring Modules A and B of the curriculum for reference.**
